Welcome and Overview

Three goals for today:

1. Give an example of how education can affect lifetime income.
2. Explain how an individual's interest can affect career and job choices.
3. Examine a career related to a topic of interest.

Activity

Take the Pretest

Activity

What is the difference between a career and a job?

Activity

What are examples of jobs in a community?

1. A firefighter
2. An accountant
3. A restaurant cook

Activity

Which Career Interests Your Child?

#1-EA-PE

Present

How does education affect your lifetime income?

1. The more education you receive, the more money you tend to make.
2. People who get a professional degree (such as a medical doctor or lawyer) tend to make the most money.

Present

How does a person's interests affect career and job choices?

1. You can usually find a career or a job that fits with your interests.
2. Your interests have everything to do with finding a career or job that fits you well.

Present

What is a personal interest?

- A topic you're interested in
- A task you enjoy doing
- Something that gets you excited
- A hobby
- Volunteer work you do

Present

How can you find a career or a job related to your interests?

- Take an interest assessment
- Take a class you're interested in
- Talk to someone who has an interesting job or career
- Talk to a career counselor
- Network with people who may have career or job connections

Discuss

Turn to talk to someone near you.

1. Say your first name.
2. Talk about an adult you know who is very excited about the work he or she does. What do you think of that?

Review and Evaluate

What is the difference between a career and a job?

- A job is a way to earn money by providing a service or a task.
- A career is a job where we find meaning and purpose.
- You tend to enjoy a career when you're excited about it.
- Both careers and jobs have good days and bad days.
