

# The Basics of Credit for Parents

## What You'll Learn

1. What credit is and why it's important
2. An example of credit that adults commonly use
3. The difference between buying with credit and buying with cash

## Talk About It

### Ask your teenager:

- What do you know about credit?
- What do you think about credit?
- How do you want to use credit well as an adult?

My Notes:

Visit [www.bankit.com](http://www.bankit.com) for more information on making positive money choices.
