

Careers and Jobs

What You Learned

1. A wage and a salary are different.
2. There are many ways children can earn money.
3. A tax is a federal, state, or local fee to pay for public services.

Talk about It

Ask your parents:

- How did you get money when you were a child?
- How could I make money?
- What would you like me to do with my money once I get it? Why?

Do It

- With your parents, talk about important qualities someone needs to work for money.
- Ask a grandparent, aunt, or uncle how he or she got money as a child.
- Keep track of the money you get. How can you use your money well?
